Monty Rakusen Biography

'Imagination makes all the difference'

Born 1954

British

Based Yorkshire, England

Works world wide.

Studied Graphics and photography Liverpool College of Art. BA First Class Honours. John Moores Scholarship winner.

Favourite Subjects:

Industry, Nuclear Power, Wind Power, Shipping. Board Portraiture / Annual Reports.

Specialities:

Digital Capture. Monty shoots with currently the most advanced digital equipment. This is the high end medium format, Hasselblad H3D 39 mpx. This is also used on a Rollei Xact view camera. He is currently converting a 42 year old Rolleiflex twin lens camera to use a 22mpx digital back and he also has a digital Holga (toy camera).

Influences:

Monty has been influenced by the classic modern photographers such as Cartier Bresson, Lee Friedlander, Duane Michaels and Martin Parr and he once met Ansel Adams and "David Bailey told me a funny story!"

Own Projects:

Monty has an on-going Art photography project at itsablackandwhiteworld.com

Monty has a recent CRB form and has extended Public Liability. Please contact for details.

Monty is a member of The Association of Photographers.
